

New Student Application

Please read and then answer the following questions in an email to jrvocalcoaching@gmail.com before your first lesson.

1. Have you ever taken voice lessons before?
2. If so, with whom, for how long, and what style of music?
3. What musical style(s) are you most interesting in working on?
4. What are your top 3 vocal goals that you would like to improve through coaching?
5. What do you struggle with the most (vocally)?
6. Please include a short recording of yourself singing (video & audio) along with the answers. This is for diagnostic purposes in order to assist me as your coach in determining how I can take you from where you are to where you want to be. This does not need to be perfect. You can simply use your phone/ipad/laptop if you'd like. If this is a problem or not possible, please contact me.
7. Please read our cancellation policy. By submitting your application and continuing with your first lesson, you are in turn agreeing to our cancellation policy.
